Ontario Dementia Advisory Group

September 9th, 2016

To Whom it May Concern:

We are the Ontario Dementia Advisory Group (ODAG). This letter illustrates our support of the Dementia Rights Project, and of the application for funding for this project under the terms of the Law Foundation of Ontario.

ODAG suggested the need for this project and is an integral partner in its design and delivery. ODAG will participate fully in the evaluation of legislation and the creation of informational materials for distribution to people living with dementia, care-partners and service providers.

This project is an excellent fit with the mandate of the Law Foundation to fund projects that promote wider understanding of the law and the ability of citizens to use the law to improve the conditions of their own lives.

Sincerely,

Board Member, Ontario Dementia Advisory Group (ODAG)
